About Sage & Oak Creative

THIS COMPANY WAS BORN OUT OF THE DESIRE FOR FREE COFFEE (REALLY!)

In 2019, Sage & Oak Creative was born out of a need for free coffee. Yes, you read that right: free coffee.

Sydney, working remotely, was looking for a place to work during the day and not break the bank. She made a proposition to a local coffee shop: free coffee and a place to work in exchange for free signage.

A beautiful partnership formed, which kicked Sydney off in the direction of chalk signage and handlettering. From there, word spread throughout Main Street and around the city, and soon Sydney was working on menus at breweries, balloon garlands, custom prints, and anything needing a personal touch!

OUR SCOPE OF WORK

WHAT WOULD IT LOOK LIKE TO WORK TOGETHER.

Why hire us?

We at Sage & Oak Creative are all about open and transparent communication - with businesses, with clients, and with our wedding couples!

Every wedding we do involves the following:

- an introductory call,
- created drafts for each appropriate sign,
- one (1) round of edits,
- final execution,
- & making sure your signage makes it to your wedding!

What we love at Sage & Oak Creative is to establish partnerships and work with our clients over time.

We look forward to hopefully working with you on this special day!

Let us take that burden off that to-do list and support you during this time! (*& as a Type-A team, we LOVE to-do lists!*)
